VEF Fellows and Visiting Scholars visit Da Phuoc Integrated Waste Management Facility

On June 13, 2012, Vietnam Waste Solutions Company hosted a visit by the Vietnam Education Foundation (VEF) delegation, including 49 VEF Fellows and 6 Visiting Scholars, who will begin their programs in the U.S., to get to know more about environment protection activities at Da Phuoc Integrated Waste Management Facility.

During the visit, VEF announced that the new Fellows and Visiting Scholars will pursue graduate and postdoctoral programs at 34 leading U.S. Universities in Academic Year 2012-2013. Since the first cohort in 2003, VEF has supported 424 in graduate programs at 84 top-tier U.S. universities.
